A Report on International webinar**“New Horizons in Chemical Research & Product Development”****29 December 2020**

One day International webinar on “New Horizons in Chemical Research & Product Development” was organized by department of Chemistry in collaboration with IQAC on 29 December 2020. The main purpose of this webinar was to provide a platform for healthy interactions among academicians and researchers engaged in teaching and development of research in Science and Technology all over the world. Generally a researcher restricts himself and often afraid of improving model set in mind by discussing idea with others. Therefore this international webinar has helped the researcher to modify the previous impregnated ideas, this webinar has satisfy one and all.

We invite researchers and academicians from all over the world to participate in the webinar to enhance the knowledge about research in chemical science & latest advancements in the field across the world. This webinar has got overwhelming response from researchers, academicians and students from all over the world. The participants were from various countries like Philippines, Myanmar, South Korea, Malaysia, Bangladesh, Algeria, Pakistan, Kuwait, Libya, Nigeria, Nepal, Oman Iraq, Greece etc. The webinar was telecasted live on YouTube and participants joined webinar on Youtube.

The invited speakers of this webinar were internationally recognized experts in their discipline of research.

The first speaker was **Dr. Dattatray Devalankar** Scientist I, Department of Radiology, The University of Alabama at Birmingham, USA. He delivered lecture on **“Synthesis of 18F-labeled amino acid PET tracers for oncologic imaging”**

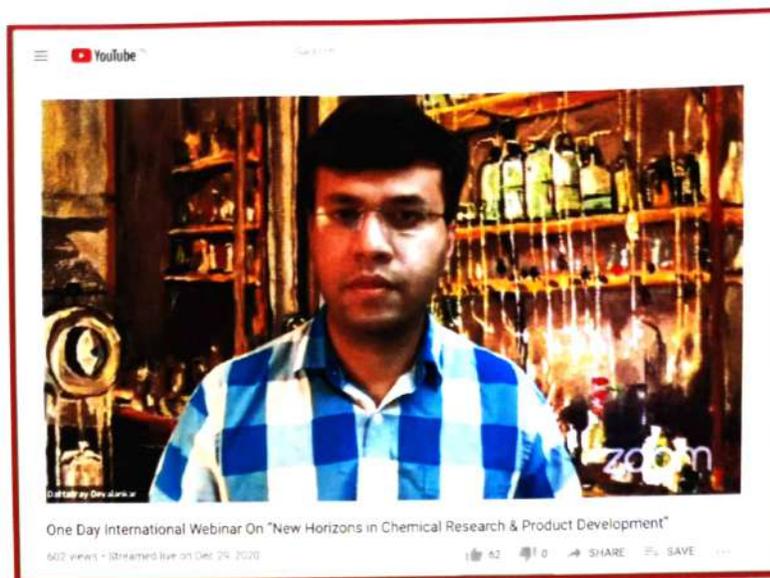

The second speaker was **Dr. Nagorao R. Dhatrik**, Assistant Prof. Department of Chemistry, S.P.P.University, Pune. He delivered lecture on **“Total Synthesis of Cananodine Alkaloid”**

The third speaker was **Dr. Nagnath Y. More**, Marie Curie Postdoctoral Researcher, University of Birmingham, U. K. He delivered lecture on **“Architecture of C-H Bond functionalization for the development of complex molecules and Pharmaceuticals Targets”**

Presidential address was given by Dr. Sudhir D. Chavan, IQAC Coordinator. Introductory speech and guest introduction was given by Mr. Pavan M. Kadam coordinator of this webinar. Mr. Balasaheb U. Kale anchor this programme and Dr. Dikshaputra R. Bihade express vote of thanks.
