REPORT ON ONE DAY WORKSHOP ON “SNAKE AWARENESS”

The Department of Zoology of Shri Vyankatesh College organized a **One Day Workshop on “SNAKE AWARENESS”** for UG students on 23rd Sept, 2019 in the programme hall at 11:00 AM onwards. Total 80 students attended this workshop.

Organizing Committee:

Mr. D. M. Shimbre (Organizing Secretary, Head, Dept. of Zoology)

Mr. N. P. Kakde (Member, Head, Dept. of Botany)

Mr. M. S. Salve (Member, Asst. Prof. Botany)

Mr. P. B. Pawar (Member, Head, Dept. of Microbiology)

A team of Students from third year B. Sc. (Zoology) volunteered to organize this workshop.

Guest Speaker: Miss. Vanita Borade (Snakefriend and Founder, Soyre Vanyajiv Multipurpose Foundation, Mehkar)

Guest Speaker: Mr. Bhaskar Borade

President: Dr. Anant Awti (Head, Dept. of Political Science)

The introductory speech was briefly abridged by Mr. D. M. Shimbre. Felicitations of the guest speakers was done by Dr. Anant Awti. Dr. Anant Awti delivered his presidential address on this occasion and congratulated the department of zoology for arranging such a nice workshop for students.

After felicitations & introduction of the guest speaker, we started the session. Mr. Bhaskar Borade sir is presently working in Soyre Vanyajiv Multipurpose Foundation, Mehkar. He is also working as Sarpmitra who saves many snakes as well as helps patients of snake bites in an emergency.

Awareness is one of the effective measures to help people live peacefully with animals. Deaths due to poisonous snake bites are common in rural parts of India. Most people kill the snake after it bites someone, and treat the patient by some Baba with mantras & some herbal remedies. Often the patient is taken to hospital too late to be saved. We can avoid such deaths with first aid & early intervention of proper treatment in well-equipped hospitals. During the lecture he specially focused on misconceptions and false beliefs about snakes, which are a major cause for the increase in the mortality of snakes. Snakes are an important part of nature & helpful for human beings; we have to save them.

He explained thoroughly about different types of snakes with their specific identification, reorganization of poisonous & non-poisonous bites, what kind of first aid should be provided in snakebite cases with his effective power-point presentation. Sir also gave information about which species of snake is mostly found in a particular area, which can be helpful during diagnosis of

cases of poisoning. He also explained his experiences about some medico legal cases. This was very beneficial to our staff & students.

Miss. Vanita Borade practically explained how to capture and handle the snake.

The workshop was very informative and enjoyable; students came to know regarding the snake role in ecosystem. The students were motivated with this workshop interacts with the guest speaker and asked their doubts regarding the snake.

The program was **attended by 20 Professors & 80 Students.**
