The students were provided the questionnaires at the end of the session and they were asked to put their honest remark about each aspect of the questionnaires. Students have shown their positive response about the academic performance. By observing the student's feedback as mentioned in above table, it is concluded that many students are completely satisfied with the course they are learning and this course place an important role in their personality development and solving problems in their daily life. Many students are satisfied about the institutional ambience related with their syllabus. some students have demanded for more competitive examination relevance in syllabus. Very few students have been found unhappy about relevance of a syllabus with their day today life.

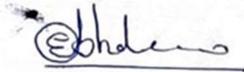

While assessing the response of the students about the teachers it comes to know that students don't have any grievance with the subject knowledge of teachers, their ability to teach the course and their approach to them and their teaching methods. Maximum students are satisfied about the evaluation method and they have like the activities undertaken for their evaluation. Almost all students have been found positive about teachers counselling regarding the subject. It is also found that or students are satisfied with the regularity of teachers and co-curricular activities in college as well as use of ICT tools in college.

Besides the above questions, the students were asked to provide some valuable suggestions regarding the curriculum. Some suggestions were as follows: -

- 1) The curriculum should be framed in relevance of the various competitive examinations.
- 2) The curriculum should be employment oriented.

The feedback and the valuable suggestions of the students regarding the curriculum has been sent to the relevant authorities.

Shri Venkatesh arts, commerce and science College Deulgaon Raja is affiliated to the Sant Gadge Baba Amravati University Amravati and follows the curriculum design prescribed and offered by the University. Teacher's feedback which involves accurate appraisal of the effectiveness of the teaching, its strength and area that need development and revision of curriculum plays an important role in the development of curriculum. The Collection and analysis of feedback from teachers assist the institution to understand the need of society and what other stakeholders expect from the institution. The teaching community is always linked with the students' progress. The most expert and resourceful suggestions were obtained from all faculty members of Shri Venkatesh arts, commerce, and science College Deulgaon Raja, on curriculum design and other related issues through feedback forms offline mode for the session 2022-23.

### **Feedback analysis report;**

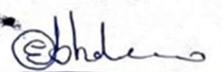

As teachers play an important role in designing and implementing the curriculum and the input received from their feedback was taken into consideration for further necessary action wherever applicable. In 2022-23 academic sessions, we received total 24 feedbacks from Teachers of Shri Vyankatesh college Deulgaon Raja. Out of the 10 questions asked in the feedback form, the alumni were told to give their response in the scale of Excellent, Very Good, Average, poor. Detailed analysis of each question asked to the Teachers is as mentioned into the table given below.

Going through the feedback submitted by the teachers it has been observed more teachers are strongly agreed that curriculum of the institution is flexible and suitable for enrichment. Revision and modification based on the recent trends and innovation ideas. Most

of the teachers are strongly agreed and few teachers are agreed that they had freedom to adopt new teaching techniques and strategies for curriculum in the college. The analysis of teachers' feedback report reflects the adequacy and availability of teaching learning facilities. Validity of the curriculum and reframing the course content according to the social needs. The teachers feedback collected through feedback form by offline mode in which faculty members of this institution and express their satisfaction. Action taken by our institution formal instructions were circulated to all constituent authority for addressing the issue of enrichment of content in the syllabus and the issue suggested by the teachers through feedback.

The students were provided the questionnaires at the end of the session and they were asked to put their honest remark about each aspect of the questionnaires. Students have shown their positive response about the academic performance. By observing the student's feedback as mentioned in above table, it is concluded that many students are completely satisfied with the course they are learning and this course place an important role in their personality development and solving problems in their daily life. Many students are satisfied about the institutional ambience of the college. Very few students have been found unhappy about relevance of a syllabus with their day today life. Some students asked about the more unit test for practice.

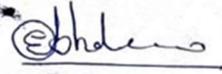

While assessing the response of the students about the teachers it comes to know that students don't have any grievance with the subject knowledge of teachers, their ability to teach the course and their approach to them and their teaching methods. Maximum students are satisfied about the evaluation method and they have like the activities undertaken for their evaluation. Almost all students have been found positive about teachers counselling regarding the subject. It is also found that or students are satisfied with the regularity of teachers and co-curricular activities in college as well as use of ICT tools.

Besides the above questions, the students were asked to provide some valuable suggestions regarding the curriculum. Some suggestions were as follows:-

- 1) students asked about the more unit test for practice.
- 2) All universities should have the same curriculum.

The feedback and the valuable suggestions of the students regarding the curriculum has been sent to the relevant authorities.

### Analysis of the feedback from Students (2019-20)

#### Introduction

Feedback is an important part of teaching, learning and evaluation process. Feedback on the various aspects of academic performance, ambience of the institution and on curriculum has been collected from the stakeholders associated with the college. It has received feedback from students, parents, alumni, and teachers through the offline mode. The feedback collected from these stakeholders has been analyzed and considered for teaching as well as curriculum development.

#### Students feedback.

Students feedback on academic performance, ambience of the institution and on curriculum at the college level is designed to get the formative of feedback from students. It could be used towards the improvement in the quality of course as well as students learning experience for the academic year 2019-20. feedback received from the multiple students is sort out and has been analyzed.

#### Students feedback analysis report:

In 2019-20 academic sessions, we received total 222 feedbacks from students on curriculum and ambience of the institution. Students were chosen from Arts, Commerce and Science stream. Out of the 10 questions asked in the feedback form to the students and they were told to give their response in the scale of Excellent, Very Good, Average, poor. The following table shows the data collected as follows:

Sr.no.	Particulars	Excellent	Very Good	Average	Poor	Total
01	How well are the teachers able to communicate?	30	57	35	100	222

The students were provided the questionnaires at the end of the session and they were asked to put their honest remark about each aspect of the questionnaires. Students have shown their positive response about the academic performance. By observing the student's feedback as mentioned in above table, it is concluded that many students are completely satisfied with the course they are learning and this course place an important role in their personality development and solving problems in their daily life. Many students are satisfied about the institutional ambience related with their syllabus. some students have demanded for more competitive examination books. Very few students have been found unhappy about relevance of a syllabus with their day today life.

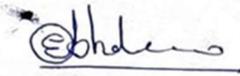

While assessing the response of the students about the teachers it comes to know that students don't have any grievance with the subject knowledge of teachers, their ability to teach the course and their approach to them and their teaching methods. Maximum students are satisfied about the evaluation method and they have like the activities undertaken for their evaluation. Almost all students have been found positive about teachers counselling regarding the subject. It is also found that or students are satisfied with the regularity of teachers and co-curricular activities in college as well as use of ICT tools.

Besides the above questions, the students were asked to provide some valuable suggestions regarding the curriculum. Some suggestions were as follows:-

1) Some students asked to provide better reading room facility in the library.

The feedback and the valuable suggestions of the students regarding the curriculum has been sent to the relevant authorities.
