Award Letter of Minor Research Project

Dear Dr. Dyaneshwar Vishnu Gore ,

Please refer to your project grant under the Minor Research Project Scheme of the ICSSR

Title: Agrarian Crisis and Farmers Suicides in Maharashtra State: A Comparative Study of Marathwada & Vidarbha Regions

Budget Approved: 300000

First Instalment: 40% of the awarded grant, detailed Budget in break-up will be sent along with the sanction order of Rs. 120000/-.

The above has been approved by the Competent Authority on the recommendations of the Expert Committee.

You are requested to commence the study immediately. You are required to give an undertaking on a non-judicial stamp paper of Rs. 100/- (copy enclosed), declaration on a non-judicial stamp paper and send us the grant- in-aid bill (copy enclosed) of 40% of the awarded grant. All Payments and Transfers are to be done through EAT module hence the institution has to open a dedicated account as per the notification of ICSSR.

You are once again required to go through the eligibility criteria in the guidelines and make sure you fulfil them in all respect both in case of individual and institution. In case you have awarded a project under any other programme of ICSSR and sanction letter for the same has been issued you are requested to continue with earlier sanction and inform accordingly. This award in that case will not stand operational. In case you have already been awarded a project and sanction letter has not been issued you may make an option between the two awards and inform us clearly which project you would like to start. If there is any change in terms of original proposal you need to clarify and take approval from ICSSR in the beginning itself.

Kindly send us all the desired documents (**attached herewith**) to the undersigned within at the earliest to enable us to issue the formal sanction order as per the checklist enclosed.

With best regards,
Yours sincerely,
(**Revathy Vishwanath**)

(57) Abstract : An efficient methodology to manage the bio-medical wastes collected from hospitals and diagnostic centers aims at designing and implementing a framework for collecting wastes from various places such as hospitals, laboratories, nursing homes etc. The invention focuses on disposing of the bio-medical wastes in a safe and secure manner without causing any harm to the environment as well as the humans. It is implemented using a device and an innovative incinerator. The device will identify the wastes and segregates them as wet and dry waste. The device will monitor the wastes. The device will monitor the wastes from various places over cloud.

(57) Abstract :
 Effective diagnosis of machine is predicted by real time modular monitoring system whose main focus is to forecast life span of the component tool with high flexible capability of prediction. The proposed invention presents a two stage model based on back propagation neural network model of artificial intelligence, for real time prediction which monitors and validates life span of the tool. Parameters such as temperature, current, vibration, acceleration and cutting forces are utilized for forecasting tool wear from the analytic model. Process efficiency increases with effective assessment of tool wear rate such that tool replacement avoids any catastrophic event. Tool wear is predicted during turning of hardened steel by checking multilayer perception using artificial neural networks. Monitoring and prediction system of tool lifespan enhances the productivity of manufacturing unit based on the analysis of artificial neural networks.

Central Library

In colleges, the library occupies a prominent position and it is an important and integral part of the teaching programme. We believe that our library is not merely a depository of books, but an active workshop instrument in the production of or original thinking. This College library aims to extend opportunities for self-education to the deserving and enthusiastic students without any distinction. We are committed to develop in each student a sense of responsibility in the pursuit of knowledge. We also endeavor to stimulate the students to obtain, evaluate and recognize knowledge and to familiarize themselves with the trends of knowledge for further education and learning new disciplines. We are also committed to help teachers in keeping abreast of developments in their respective fields.

We sincerely try to act as a social institution for the conservation, communication, and extension of knowledge, and to meet the recreational informative and inspirational needs of our staff and the students.

This College library came into existence on 11th July 1969 and shifted in new building in 2019. The College Library building is situated in the prime location of the College having 557.63 sq. meters built up area. The building is planned on functional basis in order to render effective and efficient services to its stake-holders.

The library has rich collection on Science and Technology, Humanities, Social Science and Commerce. It covers text books, reference books, e-books, journals, theses, project work, back holding of Journals, proceedings of seminar & conferences etc.

The library has developed the database of its own collection through the library software e-Granthalya 3.0 designed and developed by National Informatics Center, Ahmadabad. Online Public Access Catalogue (OPAC) facility is made available for the users. Moreover, remote access facility is also available to reach up to the end users.

The library runs number of Best Practices to attract student towards reading. Library provides E-Journals and E-Books through NLIST Consortia of INFLIBNET.

The Library collection covers a wide range of titles in varied subjects. Every year, no. of students, teachers, researchers and staff access the library resources. Our collection caters to the needs of the junior and the senior colleges. The Library has a collection of 22688 books, 23 journals, 11867 Reference books, 53CDs, 09 newspapers, along with the DELNET and NLIST subscription. The Library is fully automated and well equipped with all E-resources. It remains open from 8.00 a.m. to 4.00 p.m.
